OBJECTIVE

I am proficient in Python, PostgreSQL, JavaScript, and C++. Currently, I am expanding my skills in Django and exploring Machine Learning. I am looking for Back-End Development and Machine Learning opportunities.

EDUCATION

Bachelors of Computer Science, GIKI   Expected 2026
CGPA: 3.70
Relevant Coursework: Database Management System, Data Structures, Object-Oriented Programming, Operating System, Discrete Mathematics.

SKILLS

Programming Languages	Python, SQL, JavaScript, C++
Libraries and Framework	Django, Pandas, Numpy, Matplotlib, Scikit-learn
Soft Skills	Problem Solving, Critical Thinking, Leadership

EXPERIENCE

Front-End Development Intern   Aug 2023 - Sep 2023
Interns Pakistan   *Remote*

- Build 5 Projects.
- Completed more than 300 Front-End Development tasks.

PROJECTS

Clustering. Our team of four developed a C++ program for our DSA project, which draws clusters from graphs while maintaining a threshold density.[(GitHub Repository)](#)

Machine Learning A-Z. My GitHub repository that contains scripts showcasing the implementation of various machine learning models on diverse datasets.[(GitHub Repository)](#)

CERTIFICATIONS

- **IBM Applied AI Specialization - Coursera**
  Issued Oct 2023
  Credential Id: J9QNKFY5PQCX
  [Show Credential](#)

- **META Front-End Developer Specialization - Coursera**
  Issued Oct 2023
  Credential Id: XD9Y8P8ERUP7
  [Show Credential](#)

EXTRA-CURRICULAR ACTIVITIES

- Member of Team Techno GIKI, dedicated to constructing rovers for University Rover Challenge. Additionally, our team crafts various robots, such as Obstacle Avoiding RC Cars, for competitions across Pakistan.
- Chess, Cricket, Badminton.

LEADERSHIP

- As a member of the ACM-GIKI Chapter, we organized the ICPC Pakistan 2022 Finals held at GIKI. My responsibilities included preparing labs for competition and providing guidance to participants throughout the event.
